

Celestial Heritage: A Fourteen-Day Journey Through the World's Dark Sky Sanctuaries

A Bespoke Sky Ventures Curation

Day 1–2: Arrival in London & Journey to Exmoor Dark Sky Reserve, England

1

Private Jet Arrival

Touch down in London with private terminal reception. Helicopter transfer to Exmoor.

2

Accommodation

Cliveden House, a stately country estate with Michelin-star dining and private gardens.

3

Experience

Exclusive stargazing evening on the moors with your private astronomer, unveiling constellations of the Northern Hemisphere framed by the ancient English landscape.

Day 3–4: Tenerife, Canary Islands – Teide National Park

(UNESCO World Heritage & Starlight Reserve)

Private Jet Transfer

London to Tenerife.

Accommodation

The Ritz-Carlton, Abama, offering clifftop suites overlooking the Atlantic.

Experience

Private access to Teide Observatory with behind-the-scenes telescope viewing. Sunset dinner atop Mount Teide, followed by guided deep-sky exploration beneath one of Europe's most pristine skies.

Day 5–6: Namibia – NamibRand Nature Reserve

(UNESCO Dark Sky Reserve)

Private Jet Transfer

Tenerife to Windhoek.

Accommodation

&Beyond Sossusvlei Desert Lodge, with glass-fronted villas
blending into the desert.

Experience

Nightly stargazing from your private deck. Expert-led
astrophotography session in the vast Namib dunes, capturing the
Magellanic Clouds and Southern Cross.

Day 7–8: Chile – Elqui Valley, International Dark Sky Sanctuary

Private Jet Transfer

Windhoek to La Serena, Chile.

Accommodation

Vik Chile, an art-filled retreat amid vineyards and mountains.

Experience

Private evening at **Cerro Tololo Observatory**, with access arranged for professional-grade telescopes. Daytime vineyard tour and wine pairing. Nightly sky immersion with a dedicated astronomer introducing nebulae and galaxies rarely visible in the north.

Day 9–10: Hawaii – Mauna Kea, Hawaii

(UNESCO cultural site, premier dark sky location)

Private Jet Transfer

Santiago to Kona.

Accommodation

Four Seasons Resort Hualalai, oceanfront villa with private infinity pool.

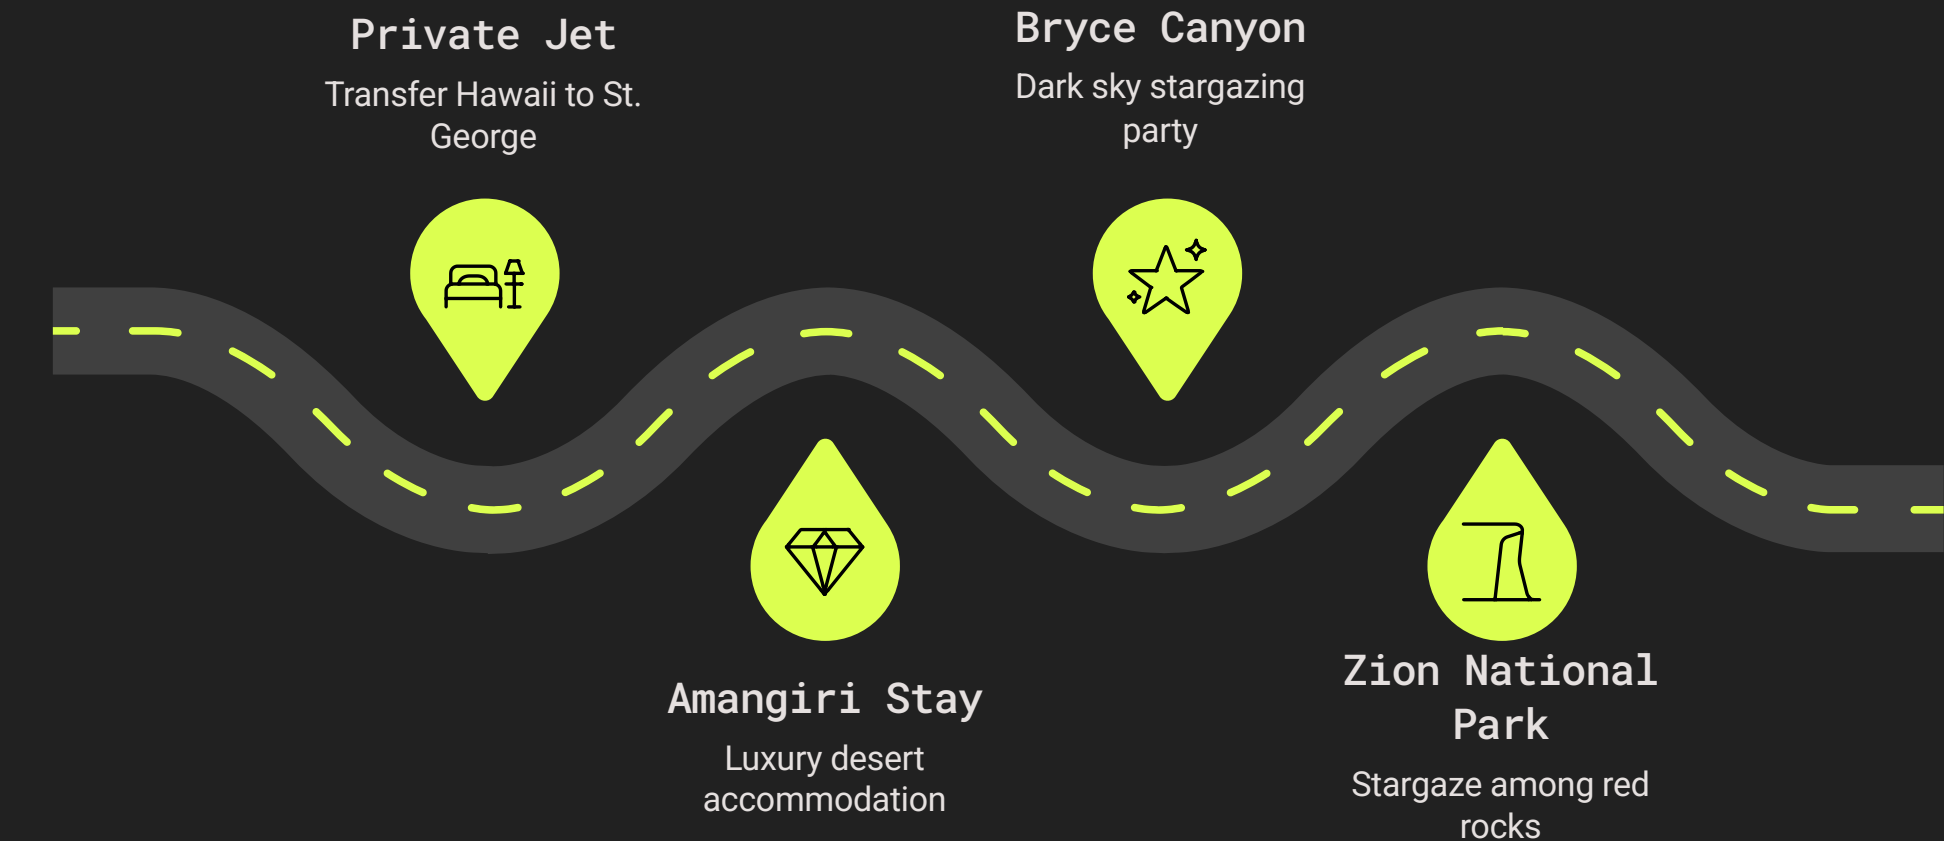

Experience

Guided ascent to Mauna Kea summit for sunset, followed by exclusive stargazing at the visitor station with large telescopes. Educational session on Polynesian celestial navigation, blending science and culture.

Day 11–12: Utah, USA – Bryce Canyon & Zion National Parks

(UNESCO Dark Sky Parks)

Private Jet Transfer

Hawaii to St. George, Utah.

Accommodation

Amangiri, desert luxury seamlessly integrated into red rock canyons.

Experience

Private star party at Bryce Canyon, led by your astronomer. Optional helicopter flight over Zion's cliffs and Bryce's hoodoos. Stargazing among rock formations that mirror constellations above.

Day 13–14: Canada – Jasper National Park, Alberta

(UNESCO Dark Sky Preserve)

Private Jet Transfer

Utah to Edmonton, Alberta.

Accommodation

Fairmont Jasper Park Lodge – Private Signature Cabin.

Experience

Final evenings of reflection beneath Canada's northern skies. Aurora viewing (season permitting) with professional photography assistance. Family farewell dinner under the stars, crafted by a private chef, paired with local wines and spirits.

Summary of Experience

14

Days

Spanning a two-week journey

6

Dark Sky Destinations

UNESCO-designated locations

Accommodations

Ultra-luxury lodges, estates, and villas.

Transport

All private jet and helicopter transfers.

Highlights

Exclusive observatory access, guided astrophotography, cultural astronomy encounters, family-focused private evenings beneath some of the world's purest skies.

The Universe's Rarest Experiences

✨ This itinerary is designed to **blend the rare and remarkable**: the majesty of UNESCO-protected landscapes, the science and wonder of astronomy, and the refinement of world-class luxury—all tailored for a family who seeks not only the world's finest, but the universe's rarest.
